**Jurisdiction:**

All States and Territories, except VIC.

Note: Victoria is not included in this permit, as their *Control-of-Use* legislation does not require a permit to legalise this off-label use in that state.

**Additional Conditions:**

This Permit provides for the use of a product in a manner other than specified on the approved label of the product. Unless otherwise stated in this permit, the use of the product must be in accordance with instructions on its label.

Persons who wish to prepare for use and/or use products for the purposes specified in this permit must read, or have read to them, the Details and Conditions of this permit.

*To Avoid Crop Damage*

The sensitivity of the crops to be treated under this permit has not been fully evaluated. It is advisable, therefore, to only treat a small area to ascertain their reaction before treating the whole crop.

*Export of treated produce*

Maximum Residue Limits (MRLs) or Temporary Maximum Residue Limits (TMRLs) have been established to allow treated produce to be used for human consumption. MRLs and TMRLs have been established for FLUAZIFOP-P-BUTYL in COMMODITIES LISTED IN THIS PERMIT. MRLs can be found in the *Agricultural and Veterinary Chemicals Code (MRL Standard) Instrument 2019*. MRLs apply only to produce marketed and consumed in Australia. If treated produce is to be exported, residues must not exceed the limits/tolerances of the importing country.

Issued by the Australian Pesticides and Veterinary Medicines Authority
