Veterinary Medicines Authority**

**PERMIT TO ALLOW MINOR USE OF A REGISTERED AGVET CHEMICAL
PRODUCT FOR CONTROL OF SCLEROTINIA ROT IN PEPPERS**

PERMIT NUMBER – PER11440

This permit is issued to the Permit Holder in response to an application granted by the APVMA under section 112 of the Agvet Codes of the jurisdictions set out below. This permit allows a person, as stipulated below, to use the product in the manner specified in this permit in the designated jurisdictions. This permit also allows the Permit Holder and any person stipulated below to claim that the product can be used in the manner specified in this permit.

THIS PERMIT IS IN FORCE FROM 1 JUNE 2009 TO 31 AUGUST 2029

Permit Holder:

HORTICULTURE INNOVATION AUSTRALIA LTD
Level 7, 141 Walker Street
NORTH SYDNEY NSW 2060

Persons who can use the product under this permit:

Persons generally.

CONDITIONS OF USE

Products to be used:

SUMITOMO SUMISCLEX 500 FUNGICIDE (APVMA No. 50883)
PLUS OTHER REGISTERED PRODUCTS
Containing: 500 g/L PROCYMIDONE as the only active constituent.

RESTRAINT:

DO NOT use this product in the home garden.
DO NOT use on protected crops.
Refer to the product label for spray drift restraints.

Directions for Use:

Crop	Pest	Rate
Peppers (capsicums, chillies, paprika)	Sclerotinia rot (<i>Sclerotinia minor</i> or <i>S.</i> <i>sclerotiorum</i>)	75 – 100 mL/100 L water

Critical Use Comments:

- Apply 2-3 weeks after thinning or transplanting and then at 10-14 day intervals while conditions favour disease.
- Use the high rate when disease pressure is severe.
- Use a spray volume of 750-1200 L/ha depending on plant size.
- Ensure thorough wetting of lower stems.
- DO NOT apply less than 10 days after the previous treatment.

Re-entry:

Do not enter treated areas until spray has dried. If prior entry is necessary, wear cotton overalls buttoned to the neck and wrist, elbow-length chemical resistant gloves and goggles.

Withholding Period:

Harvest: Do not harvest for 9 days after application.

Jurisdiction:

All States and Territories, except VIC.

Note: Victoria is not included in this permit, as their Control-of-Use legislation means a permit is not required to legalise this off-label use in that State.

Additional Conditions:

This permit allows for the use of a product in a manner specified on the permit. Persons who wish to prepare for use and/or use products for the purposes specified in this permit must read, or have read to them, the details and conditions of this permit. Unless otherwise stated, the use of the product must be in accordance with the product label.

The holder of the permit must notify the APVMA of new information, including relevant information in accordance with section 161 of the Schedule to the *Agricultural and Veterinary Chemicals Code Act 1994*, in accordance with the obligation imposed by that section.

To Avoid Crop Damage

The sensitivity of the crop to be treated under this permit has not been fully evaluated. It is advisable to only treat a small area to ascertain the reaction before treating the whole crop.

Export of treated produce

Temporary Maximum Residue Limits (TMRLs) have been established to allow treated produce to be used for human consumption. A TMRL has been established for PROCYMIDONE in PEPPERS. MRLs can be found in the *Agricultural and Veterinary Chemicals (MRL Standard for Residues of Chemical Products) Instrument 2023*. MRLs apply only to produce marketed and consumed in Australia. If treated produce is to be exported, residues must not exceed the limits/tolerances of the importing country.

Issued by the Australian Pesticides and Veterinary Medicines Authority

Note: 12/12/2011 - Permit extended to 31 January 2015 (Permit version 2).

Note: 17/11/2014- Permit extended to 31 January 2020(Issued as Version 3).

Note: 14/08/2017 -VIC included under jurisdiction. S25A (permit) statement removed. Issued as version 4.

Permit amended to update holder details. Permit version 5 issued 25 November 2017.

Permit amended to update holder details. Permit version 6 issued 26 February 2018.

Note: 1/11/2019 – Permit holder address changed and permit extended to 31/01/2025 (Issued as version 7)
