Critical Use Comments:

- Apply in water to the soil surface in a 30 cm wide band prior to planting.
- Rainfall or irrigation is required after application to incorporate into the soil.
- Make one application per crop only.
- Follow restraints, precautions and safety directions on the product label. Refer to 'Fungicide Resistance Warning' on the product label.

Withholding Period:

Harvest: Not required when used as directed.

Grazing: DO NOT graze or cut for stock food.

Jurisdiction:

ALL States (except Victoria)

Note: Victoria is not included in this permit because their 'control-of-use' legislation means that a permit is not required to legalise this off-label use in Victoria.

Additional Conditions:

This permit provides for the use of a product in a manner other than specified on the approved label of the product. Unless otherwise stated in this permit, the use of the product must be in accordance with instructions on its label.

Persons who wish to prepare for use and/or use products for the purposes specified in this permit must read, or have read to them, the details and conditions of this permit.

TO AVOID CROP DAMAGE:

The sensitivity of crops to be treated under this permit has not been fully evaluated. Therefore, it is advisable to only treat a small number of plants to ascertain their reaction before treating the whole crop.
