Withholding Period:

DO NOT HARVEST FOR 3 DAYS AFTER APPLICATION.

Jurisdiction:

ACT, NSW, QLD, SA, TAS, and WA only.

(Note: Victoria is not included on this permit, because their control of use legislation means that a permit is not required to legalise this off-label use in Victoria)

Additional Conditions:

THIS PERMIT provides for the use of a product in a manner other than specified on the approved label of the product. Unless otherwise stated in this permit, the use of the product must be in accordance with instructions on its label.

PERSONS who wish to prepare for use and/or use products for the purposes specified in this permit must read, or have read to them, the details and conditions of this permit.

To Avoid Crop Damage:

The sensitivity of some species and varieties of the crops to be treated under this permit has not been fully evaluated. It is advisable, therefore, to only treat a small number of plants to ascertain their reaction before treating the whole crop.

Export of Treated Produce:

If treated produce is to be exported due account should be taken of the residue definition and residue limits/import tolerances of importing countries and that any residues must not exceed those requirements of the importing country.

Issued by the Australian Pesticides and Veterinary Medicines Authority.

Note: Permit amended to extend expiry date until 30 June 2024. Issued as PER14740 Version 2 on 7/02/2019.
