Veterinary Medicines Authority**

**PERMIT TO ALLOW EMERGENCY USE OF A REGISTERED AGVET CHEMICAL
PRODUCT FOR CONTROL OF MOSQUITOES IN PIGGERIES**

PERMIT NUMBER – PER92361

This permit is issued to the Permit Holder in response to an application granted by the APVMA under section 112 of the Agvet Codes of the jurisdictions set out below. This permit allows a person, as stipulated below, to use the product in the manner specified in this permit in the designated jurisdictions. This permit also allows the Permit Holder and any person stipulated below to claim that the product can be used in the manner specified in this permit.

THIS PERMIT IS IN FORCE FROM 2 JUNE 2022 TO 30 JUNE 2023

Permit Holder:

PESTECH AUSTRALIA PTY LTD
Unit 7 14-28 Ivan Street
ARUNDEL QLD 4214

Persons who can use the product under this permit:

Persons generally.

CONDITIONS OF USE

Products to be used:

PY-BO NATURAL PYRETHRUM INSECTICIDAL CONCENTRATE (APVMA No. 53738)
PLUS OTHER REGISTERED PRODUCTS

Containing: 320 g/L PIPERONYL BUTOXIDE + 80 g/L PYRETHRINS as the only active constituents.

Directions for Use:

Situation	Pest	Rate
In and around piggeries, meat processing establishments and abattoirs for export when pigs are present.	Mosquito (<i>Culex</i> spp.)	18 mL/1000 cubic m or 250 mL/ha (in water) by thermal fogging
In piggery sheds when pigs are present using cool fog installation		6-12 mL/1000 cubic m by coolfog method

Critical Use Comments:

- Apply only two times per day-Morning and evening when mosquitoes are present.
- Space mist or fog: Dilute with a suitable volume of water and direct mist or fog to contact flying and exposed pests in all parts of the area
- For application through coolfog installation system, Set injection spray for 20 seconds morning and night when mosquitoes are active
- When using inside animal housing, DO NOT spray directly onto pig's food, water, feed bins. All animal feed and water storage must be covered or sealed prior to application
- Apart from the uses dealt with in this permit, users must comply with all other instructions on the approved label of the registered product.

Safety Directions: Repeated exposure may cause allergic disorders. Sensitive workers should use protective clothing. Avoid contact with eyes and skin. Do not inhale mist. Wash hands after use.

First Aid Instructions: If poisoning occurs contact a doctor or Poisons Information Centre. Phone Australia 131126.

Trade Advice: EXPORT SLAUGHTER INTERVAL (ESI): An ESI has not been established for this product.

Withholding Periods:

MEAT: Zero (0) days

Jurisdiction:

All States and Territories

Additional Conditions:

This permit allows for the use of a product in a manner specified on the permit. Persons who wish to prepare for use and/or use products for the purposes specified in this permit must read, or have read to them, the details and conditions of this permit. Unless otherwise stated, the use of the product must be in accordance with the product label.
